Addendum No. 1
October 15, 2026
KCKCC Custodial Supplies
RFP 26-013

Q. If a vendor bids one campus, does the requirement to bid all items for that campus include all supply, equipment removal, and installation categories, or may a vendor bid all custodial supply items for a campus without bidding equipment-related services?

A. **Equipment and Consumables must be bid for each campus. They may choose to only bid one campus, but they must fully fill out each sheet for both.**

R. Q. For the October 29 product evaluation, are vendors expected to provide samples of every custodial supply item included in their bid, or will the College identify specific products/equipment that need to be submitted for evaluation?

A. I have Identified which products are required for evaluation on column G of the document. A "Y" in that box means a product required an "N" means no sample is required.

Q. Are vendors required to bid on all items, or on all items within a group to be considered for award?

A. Vendors are required to bid on all items on a per campus basis. They must fill all lines on both the Equipment and Consumables per campus. Missing line A-39 on Supplies Main for example would be non-responsive as we have requested in the RFP if they are only bidding on Main Campus, or across all campuses if it is consistently missing.

Q. It says we must bid ALL items per campus that vendor is bidding, or we will not be considered.

A. The intention is to greatly simplify our logistics. If the vendor is unable to supply all of the equipment and chemicals, for whichever campus they are bidding, then that would be considered unresponsive/deficient.

Q. What is the time frame for the removal of existing equipment (dispensers and chemical)

A. **As soon as possible, the contract is awarded and signed.**

Q. I did not see hand soap listed. I wanted to make sure I wasn't missing it.

A. Hand soap is listed on the Consumables page for each campus under the "Soap - Hand and Hair/Body Liquid Soap" category.

Q. Will anything be awarded by line item? I see where it says the award of services by individual campus, by multiple campuses or all campuses is at KCKCC discretion.

A. It will be awarded campus by campus. It is possible for one vendor to be awarded one, or multiple campuses. We will not be awarding anything line-by-line on this contract.

Q. liner specs for all 3 campuses?

A. Liner spec is for the vendor to provide. KCKCC prefers a thicker liner, 1.2 or 1.5 mil. Dimensions cannot be provided at this time, only the provided required volume.

Q. estimated dispenser counts for all 3 campuses?

A. This is being verified, along with locations for installation.

Q. Supplies-TEC list no sub allowed for towel and toilet paper but doesn't list the product number they want quoted.

A. Refer to Supplies_Main, Paper Towel - Prod# 290089, Toilet Paper - Prod# 12024402.
